PARLIAMENT OF TASMANIA

# **REPORT ON PARLIAMENTARY ELECTIONS**

*Presented to both Houses of Parliament by His Excellency's Command*

By Authority:

T. J. HUGHES, Government Printer, Tasmania

**THE LEGISLATIVE COUNCIL**

**1973 to 1977**

**and**

**By-Elections—1974 and 1976**

**THE HOUSE OF ASSEMBLY**

**General Election, 11 December 1976**

**and**

**By-Elections (7)—1974 and 1975**

**THE PREMIER,**

I have the honour to submit the following report upon elections conducted during the period 1973-1977.

### **THE LEGISLATIVE COUNCIL**

Appendix A of this report shows enrolment figures for all Legislative Council Divisions as at 30 June 1977.

The total enrolment shown in the preceding report was 195 662 on 30 June 1972. Since that later date the total has increased by 38 527 to 234 189 which is equivalent to 89·38 per cent of electors enrolled for the House of Assembly elections (262 009).

During the period under review, 137 240 additions were made to the rolls; there were 98 713 deletions and 24 105 alterations—a total of 260 058 notations to obtain a net increase of 38 527.

### **THE HOUSE OF ASSEMBLY**

The Assembly was dissolved by a proclamation issued under the hand of His Excellency the Governor on 17 November 1976.

The following dates were fixed for the purposes of the General Election—

**ISSUE OF WRITS**—18 November 1976;

**NOMINATIONS**—26 November 1976;

**POLL**—11 December 1976;

**RETURN OF WRITS**—On or before 22 December 1976.

The writs were returned on 21 December 1976, from which date the life of Parliament commenced.

Nominations for this election totalled 116 (Bass 21, Braddon 17, Denison 27, Franklin 28, Wilmot 23).

The draw for party group position on the ballot paper resulted in the Labor Group being placed first in one Division, the United Tasmania Group first in two Divisions, the Liberal Group first in one Division and The Workers Party in the remaining Division.

The electors were provided with 400 polling booths at which 222 270 ordinary votes, 15 681 absent votes and 876 votes under sections 116A and 111 were recorded.

### **LEGISLATION AMENDMENTS**

The following recent amendments have been made to various Acts administered in the Electoral Department:—

#### **Constitution Act 1934**

##### **No. 79 of 1972**

This amendment provided that from 22 April 1972, the term of the House of Assembly would be restored to a period of five years. Future terms would be for a term of four years.

#### **Electoral Act 1907**

##### **No. 19 of 1973**

A summary of the changes effected by this amendment is as follows:—

- (1) Individual polling booths would no longer operate for the purposes of counting the first choices. Only at duly appointed counting centres would the opening of ballot boxes be permitted.
- (2) Permission was made to cater for voting at institutions such as hospitals and nursing homes.
- (3) Penalty clauses relating to failure to enrol were considerably strengthened.
- (4) The limitation on persons eligible to witness postal voting documents was substantially eased to assist electors absent from the State.

- (5) The alphabetical listing of candidates names on ballot papers was replaced by a system of draw by lot.
- (6) A conditional vote was introduced at section 111 to cater for persons not correctly enrolled.
- (7) The method of recording a formal vote for House of Assembly elections was changed to require an elector to vote for at least seven candidates. Previously a vote for three candidates in numerical sequence constituted validity for scrutiny purposes.

**No. 66 of 1974**

Legislation of 1974 enabled the registration of political parties so that names of those parties correctly recorded would be printed at the head of the group on House of Assembly ballot papers. This provision does not apply to the printing of Legislative Council ballot papers.

**No. 112 of 1976**

The limitations placed on a candidates election expenses was lifted from \$600 to \$1 500 by an amendment at section 137.

**Age of Majority Act 1973**

This Act provided, *inter alia*, that the voting age be reduced from 21 to 18 years of age at all Parliamentary elections.

Experienced officers of the Department carried out their duties with thoroughness and despatch. Thanks are also due to Returning Officers of the Legislative Council and the House of Assembly for their dedication to achieve the objective of pure and free elections.

K. F. FEBEY, Chief Electoral Officer

The preceding table, giving the percentage of electors who exercised the franchise at all general elections, both State and Federal, since 1916, indicates roughly the rise and fall of political interest among the electors up to 1928. Both its rise and fall are much more pronounced in the case of women than of men. The proportions for the subsequent elections are dominated by compulsory voting, first in the Federal sphere and later in the State. The absence of many electors from the State on military service would largely account for the lower percentage of voters at the elections in 1940 and 1941.

## REPRESENTATION OF PARTIES

At the election of 11 December 1976, 116 candidates were nominated. Of these, 41 were endorsed nominees of the Labor Party, 42 were nominated by the Liberal Party, 20 were nominated by the United Tasmania Group and 13 nominated as Minor Parties and Independents.

The result was the return of 18 Labor and 17 Liberal.

The No. 1 votes were cast directly for the four groups in each of the five electoral divisions of the State as follows:—

**Table 5**  
PARTY STRENGTH AS INDICATED BY NO. 1 PREFERENCES, 1976

The method of election is briefly the 'single transferable vote' system, and the law provides that a seat be allotted to each complete quota of votes in each division.

The quota in each division is ascertained by the following formula:—

$$\frac{\text{Number of valid ballot-papers}}{\text{Number to be elected} + 1} + 1 = \text{Quota.}$$

Any remainder is ignored.

The following table shows for each division, and for the State as a whole, the number of first preference votes, the number of quotas, and the seats won by each party:—

The number of quotas shown in the immediately preceding tables for the State as a whole is the sum of the quotas for each division which, of course, are not uniform. The following figures show the representation due to each party, based directly on the total number of first votes polled by each in the whole of the electorates or on the number of uniform quotas and the number of seats won.

STRENGTH OF PARTIES ON THE BASIS OF NO. 1 PREFERENCES AND SEATS WON, 1976  
 (The State as a single Electorate)

	No. 1 Preferences	Seats in Proportion	Seats Won
Labor ....	123 386	18.36	18
Liberal ....	104 613	15.57	17
United Tasmania Group ....	5 183	0.78	....
Others ..	1 948	0.29	....

The preferential system of voting therefore resulted in over-representation of 1.43 Liberal at the expense of Labor and other candidates according to State-wide First Choice Support.

The figures in the above table represent the number of votes which were discarded during the actual count because there was no further choice marked on them which could be made effective. These votes do not, in all cases, indicate unrepresented electors, because many of them had contributed to the election of successful candidates before they became exhausted.

## VOTING IN SUBDIVISIONS

The following tables, 16 to 20, give for each division the number of first ordinary vote choices for each candidate in each subdivision, and in absent votes, votes under section 116A and postal votes. The number of electors on the roll, electors who voted and the number of informal papers, are also given for the same subdivisions. The candidates are grouped in parties, and the total votes are given for the groups. Although the Independent candidates are grouped together they need not necessarily be considered as a political party group.
