

## **Adjournment of Flinders poll**

On Monday 27 October 2014 the Tasmanian Electoral Commission issued a media release advising that the close of the Flinders Council poll had been adjourned to 10:00 am on Thursday 30 October 2014 due to delays in receiving mail from Flinders Island.

The media release did not suggest that Flinders Island Aviation Services was responsible for these delays.

The delays appear to have resulted from mail handling on the Tasmanian mainland.
