I have been a Tasman Councillor for seven years and I know that Tasman Council has changed for the better in that time. We have kept rates rises to a minimum and have substantial funding invested for further investment in ongoing community improvements and infrastructure. I would like to ensure that my children have the opportunity to stay and make their living in this municipality if they choose to do so. In my opinion, we are blessed to live in the most beautiful place in the world and believe we need to have positive development to make the municipality sustainable now and into the future.
